

MAIL ORDER PHARMACY PROGRAM

What is Mail Order Pharmacy?

Mail order pharmacy allows patients to receive their medications delivered directly to their home.

This is an included benefit for UHA Members!

Improved
Adherence

Home
Delivery

90-day
Supplies

Easy
Refills

Which Patients Benefit?

- Patients on maintenance meds (e.g. diabetes, hypertension, asthma, COPD)
- Those with transportation barriers or who live far from a pharmacy
- Patients needing 90-day supplies

Excludes: specialty drugs, compounded medications, and acute medications (e.g., antibiotics, etc.)

Postal Prescription Services

UHA is partnering with **Postal Prescription Services (PPSRX)** to provide mail order pharmacy services.

To prescribe to PPSRX:

- ✓ Select Postal Prescription Services in your e-prescribing system
- ✓ Prescribe up to a 90-day supply (if clinically appropriate)
- ✓ Include refills to support adherence

1-800-552-6694
www.ppsrx.com

How You Can Help:

- ✓ Identify patients facing barriers
- ✓ Encourage eligible patients to enroll
- ✓ Reinforce benefits of mail order pharmacy
- ✓ Remind patients this is an included benefit
